

Product Specification

Ord.-No.: **103 191**

Specification: Concrete base, 16 kg, Ø 335 mm
with wedge connection clamp, V2A

Performance: Concrete base with J.Pröpster-wedge technology (wedge connection clamp) to protect roof structures on flat roofs for Optimal air-termination rods Ø 16/10 mm (without thread) or tubular air-termination rods Ø 16x3/10mm (without thread).

On synthetic roofing membranes a support plate for concrete bases is necessary.

Material	frostproof concrete (C45/55)
Necessary set-up area	Ø 335 mm
Wedge connection clamp	Stainless steel V2A
Weight	16 kg
Standard reference	DIN EN 62561-1
Packing unit	1 unit
